Additional Information for Radiologist:

Does patient have breast implants? Yes No Unknown

Transport Mode: Ambulatory

CC Provider?

Sched Inst: [Click to add text](#)

Process Inst: Do not schedule a mammogram one week prior to the patient's period. Prior to the exam, the patient should provide information about any previous mammo films from other organizations. On the day of the exam, the patient should not wear underarm deodorant, lotions or powder on the breast or underarm area. She should also wear a two piece outfit and be prepared to give information about prior breast procedures including mammograms, biopsies or surgeries.
