Patients Served

435 Financial
Assistance
Patients Served

We are committed to providing sustainable breast health services to all individuals in our community and we do this by providing exceptional patient care.

MESSAGE FROM OUR EXECUTIVE DIRECTOR

"2020 has been a challenging year for everyone. Part of what helped our breast center during the pandemic is the community collaboration that is inherent in our culture. We are grateful to have so many dedicated partners, leaders, donors, physicians, staff, and volunteers that help us in our mission and in providing exceptional patient care."

FINANCIAL ASSISTANCE FOR A PATIENT IN NEED

Although Marlys knew that there was a history of cancer in her family, she had a high deductible with her medical insurance and therefore kept putting off mammograms. Her older daughter kept encouraging her to go, reminding her that her aunt had a history of breast cancer, but she still didn't go.

Until one day her daughter saw a posting on Facebook that Carol Milgard Breast Center offered no cost mammograms to those in need, reminding everyone that money should not be a reason for putting off a mammogram – particularly if there is a history of breast cancer in the family.

Her daughter called and set up the appointment, and she went. When she received the call asking her to come back in for a biopsy, she was nervous and wasn't sure how she could afford it, but Carol Milgard Breast Center said she qualified for financial assistance and not to worry.

Marlys received the news that she had cancer following her biopsy. After about 8 weeks of radiation, she was cancer-free.

"If I had continued to hesitate, and my daughter hadn't pushed me, it could have been a lot worse. I am now a big advocate for getting checked and make sure my sister and daughters get checked as well."

Marlys now has Medicare, so her regular check-ups and mammograms are covered, but she wants to remind everyone that there's help if you need it, and not having insurance or a high deductible should never be reason for not getting a mammogram.

FINANCIALS

As a nonprofit, the Carol Milgard Breast Center reinvests earnings back into local communities to support and fund a variety of breast health programs and services. During 2020, we provided \$984,867 in compassionate care to patients who could not afford needed services. Our supporters know that every dollar they commit to the breast center is well spent. The result is high quality, patient-centered care in which every patient is treated with compassion, respect, and dignity.

For percentage breakdowns of revenue and expenses, please contact Barb Fox at bfox@tranow.com

REVENUE: \$14,594,014

EXPENSES: \$15,054,550

DONORS MAKE A DIFFERENCE

Because the breast center is a nonprofit organization, we rely heavily on charitable gifts to fulfill our mission to provide exceptional breast health services to all women in the community. We are very grateful for the generous support of individuals, businesses, and foundations that make charitable contributions to the breast center. Our deepest thanks go to these selfless donors.

In 2020, thanks to our donors, the breast center received more than **\$107,647** to help provide programs and services to women in our community.
