

Carol Milgard Breast Center

ANNUAL REPORT FOR 2022

EXECUTIVE DIRECTOR MESSAGE

LEANNE
NOREN

Dear Friends,
Thank you for your continued support of the Carol Milgard Breast Center. 2022 saw new programs at the breast center, many successes and some challenges. Our first Mammograms Save Lives luncheon was a rousing success which contributed to our highest level of fundraising ever thanks to many third-party fundraisers to benefit CMBC. Our outreach programs continued to grow in the audiences reached and people helped.

We were excited to create a video of CMBC services with Viewpoint with Dennis Quaid, an educational public television show, which helped update our video library with new content to share through different mediums and events. The challenge of an extensive backlog for screening mammograms continues as does proactive recruitment for staffing to reduce that backlog. Through the efforts of our team - staff, Board of Directors, and volunteers - we are serving our patients as quickly as possible with the best care possible. I am encouraged by the strength of our team who continue to receive ratings of 90+ on our patient satisfaction surveys. As you will see in this report, the need continues for state-of-the-art breast health services, our list of friends and supporters continues to grow, and our impact in Tacoma and Pierce County continues to be vitally important for breast health.

JULI
KILGORE

Juli Kilgore works as a mammogram technologist at the Carol Milgard Breast Center. She was diagnosed with breast cancer in March 2022. Despite being very busy with moving her family and changing her job, she got her first mammogram at 41, a year later than recommended. She understood the importance of finding cancer early due to her job. Luckily, her cancer was found early, through imaging at the breast center.

Juli is a wife and mom of four. When she learned she had breast cancer, she worried about her future and whether she would survive. But she felt better knowing her cancer was found early and could be treated. This shows how important early mammograms are.

Now, Juli is cancer-free. Her story reminds everyone how crucial it is to find cancer early, and she's a living example of that. She cares a lot about her family, job, and community, and her journey inspires others to get early mammograms too.

FINANCIAL OVERVIEW

As a nonprofit, the Carol Milgard Breast Center reinvests earnings back into local communities to support and fund a variety of breast health programs and services. During 2022, we provided \$408,474 in compassionate care to patients who could not afford needed services. Our supporters know that every dollar they commit to the breast center is well spent. The result is high quality, patient-centered care in which every patient is treated with compassion, respect, and dignity.

For percentage breakdowns of revenue and expenses, please contact Barb Fox at bfox@tranow.com

Revenue: \$17,402,884

Expenses: \$17,048,538

2022 HIGHLIGHTS

PATIENT-CENTERED CARE

467 Cancers Diagnosed

61,898 Exams & Procedures

\$408,474 Funds provided for Compassionate Care

EDUCATION AND OUTREACH

30 FaithHealth in Action Churches Served

8 Community Events & Education Programs

198 Screening Event Patients Served

478 Financial Assistance Patients Served

DONORS MAKE A DIFFERENCE

In 2022 thanks to our donors, the breast center received more than \$341,380 to help provide programs and services to women in our community.

Because the breast center is a nonprofit organization, we rely heavily on charitable gifts to fulfill our mission to provide exceptional breast health services to all women in the community. We are very grateful for the generous support of individuals, businesses, and foundations that make charitable contributions to the breast center. Our deepest thanks go to these selfless donors.
